ONE COMMUNITIES EVALUATION CO-DESIGN WORKSHOP
2.15pm to 4.50pm

Oakwood Police Station, Unit B, Leisureline House, Oakwood Close, Roundswell, Barnstaple EX31 3NJ

(Please bring ID with you for Access to Building)

Overall Purpose: **To build resilience in the One Communities model and maximise the benefits for residents, communities and public services by designing an evaluation that values what matters**	
Purpose of this development session: **To understand the different types of value that One Communities can offer and the relative importance of each value, so that we can agree what we should be measuring** **Output of this development session:** **Long list of types of benefits that the One Communities could/do offer** **Collective assessment of the relative value of those benefits** **For the top 3 benefits a first draft on how we would assess the extent to which those benefits are met**	
AGENDA	
2.15pm – 2.30pm (15 minutes) **Reflections from One Community members**	**Discussion.** Members from the One Communities invited to share their views on the benefits of the One Community partnership arrangement.
2.30pm to 2.40pm (10 minutes) **Board discussion with One Community members**	**Discussion/Q&A.** Members of the OND board invited to comment or ask further questions to the One Community members

2.40pm – 3pm (20 minutes) **Group discussion** **What are the benefits of One Communities to your organisation?**	**Small group discussion.** Discuss and list all the different types of benefit that One Communities do or could offer that would be seen as valuable to your organisation. Create a long-list for your group.
3pm – 3.20pm **Feedback to main group.**	**Feedback to main group.** Full long-list created. Each person in the group to score the long list with one of the following based on your assessment of the value to your organisation: • No value • Low value • Medium value • High value **Board to agree which benefits have the most collective value – Short list of benefits agreed.**
3.20pm – 3.45pm **Group discussion** **What is the impact on your organisation if the One Communities achieve those benefits?**	**Small group discussion.** Define and record what the desired impact on your organisation would be for each of the short-listed benefits. Deeper delve into impact: • What factors might explain what factors will drive impact (how impact happens) • What factors might influence the extent of that impact Are there processes by which you might expect to see impact/change happen?
3.45pm – 4.15pm	**Feedback to main group.** Shortlist of benefits and desired impacts created. Agree how we would know if the desired impacts had occurred.

4.15pm – 4.40pm **Board discussion**	If we could demonstrate that the desired impacts had occurred, would this be enough to gain some commitment to share in the funding of the One Communities? If not, what are the barriers that would prevent this and how could we overcome them.
4.40pm – 4.50pm	**Agree next steps**
